MEMORANDUM FOR: Chief, Supply Division,
Office of Logistics

FROM: Chief, Technical Accounting Staff,
Office of the Comptroller

SUBJECT: Interpretation of the Property Authorization Control
Procedure.

1. The Office of Communications requested this Office to devise a means whereby material could be withdrawn from stock, utilized for test and evaluation purposes and returned to stock without having the Office of Communication's property authorization charged for the material.

2. In view of the foregoing the following suggestions are set forth regarding requisitions for material to be utilized for test and evaluation purposes:

a. Allocation Code 03 be expanded to cover the issuance of material for test and evaluation purposes or in lieu thereof a new allocation code be established.

b. Requisitions for material for test and evaluation purposes should bear the notation, "This material is for test and evaluation purposes only. Do not charge Property Authorization". The notation on the requisition will provide a means of notifying the Office of Logistics that Allocation Code 03 or a new one in lieu thereof be utilized.

c. Such material would be issued on a Memorandum Receipt for a period not to exceed 90 days. If not returned at the end of 90 days the using office would be notified that its property authorization was being charged for the cost of the material previously issued on Memorandum Receipt. If circumstances warrant an extension of time for testing and evaluation, such extension would be granted upon request, not to exceed an additional 90 days.

3. The above suggestions are submitted for your concurrence since it is not the intent of [] that property authorization allotments should be charged for material used for test and evaluation purposes. If concurred in by your Office, it is understood that you will take action to notify other affected components of the applicable procedure. Please furnish this Office with a copy of the release issued for this purpose.
